**My Equipment**

	<b>Description</b>	<b>AV I/O</b>
1	MacBook Pro 15"	HDMI or VGA
2	RME Fireface UCX	TRS 2ch
3	MIDI Controller	

**Requirements**

- Audio** It requires 2 TRS(F) to main mixing desk.
- Projection** It requires at least one projector that can project 1920 x 1080 resolution.  
And also requires HDMI(M) or VGA(M) to the projector.
- Lighting** Usually I perform in black out with just the light from the screens.  
There are no lighting cues other than the start and end of our set.  
No lighting spill on to the screens please.
- Mains electricity** It requires one outlet.
- Stage set up** It requires a table or booth which has over 60cm x 45cm board to set my all equipments.
